

Your Best Value in Veterinary Medicine

Where Everybody Knows Your Name...

Minimize your expenses while still receiving excellent care, even as medical advancements and rising costs affect every aspect of the veterinary world.

- **Be confident** in the fact that our unique **LIFESTYLE ASSESSMENT** eliminates unnecessary but typical “preventative care” treatments your pet won’t need.
- **Be amazed** at our doctors’ ability to diagnose and treat through the dying art of the **comprehensive physical exam**, which avoids expensive tests and procedures in many instances.
- **Be at ease** knowing that we are fully aware of the other veterinary care places in the area, and we do everything possible to deliver the best possible value without compromising our high standards of care.
- **Be stable** in your finances as you benefit from the most comprehensive wellness programs available anywhere! These may be paid in 12 monthly installments starting as low as just \$29.95/month and cover a wide variety of services.

WE GUARANTEE that we will never recommend or try to sell you anything that is not in the best interest of your pet’s health.

Your best value in veterinary care, in the entire Boston and South Shore area, is conveniently located in Quincy, right across the street from the Home Depot on Willard St - just minutes from exit 8 off of the Southeast Expressway.

You’ll love all the attention you get from being one of just three appointments each hour, and you never have to miss a day of work with our extended hours that accommodate almost everyone’s busy schedule. (But if you want an excuse, we’ll provide one...)

You’re an important part of this community, and so are we. We’ve been here over 30 years - since 1984! After many years of service, we outgrew our first building, and moved just a short bit down the street to our new modern facility at 176 Willard St.

Your pet will receive the same high quality care that our clients have come to know and love over all these years. When you walk into our warm and inviting office, you’ll see that we have combined the feel of an old time country doctor with the most modern medicine.

You’ll experience what many people have compared to the TV show Cheers,
“Where everybody knows your name...”

After 30+ years, we really are a member of the community, and we will continue to be a trusted neighbor. Many of our clients have been coming to us since the beginning, and now we also see their children with their pets.

It’s not uncommon for us to see three generations of family members from the Boston and South Shore area. **Come see why so many of your neighbors have trusted us for so long** to care for their precious furry family members, and you too will have an experience like you never thought possible!

You'll feel Our Commitment

It's comforting to know that the doctors at Willard Vet have over 80 years of combined experience - It means that there simply isn't much they haven't seen or treated before.

Your pet will receive its own care plan, designed by your doctor using the information gathered in our unique PET LIFESTYLE ASSESSMENT questionnaire and other diagnostic processes. A skillful and thorough physical exam often confirms the direction of a logical treatment plan and can negate the need for expensive additional testing.

We will walk you through those difficult times...

when your beloved pet needs to go to a referral hospital, by being your liaison with the specialist. Our highly trained staff is both knowledgeable and accommodating. Extending the healthy and happy life of your beloved family member, will become a true team effort involving your doctor, our staff, and most importantly, you!

Discover for yourself how great it feels to know the difference this can make in your pet's health and wellbeing, by scheduling an appointment now! You'll see that what is possible may be far beyond what you'd expect, for far less than you'd expect.

Start your own unique journey towards a long healthy life together with your furry family member by calling

617-773-6565 today!

"The entire staff is welcoming and confident. I wish we could find a family Doctor who would give us the same care and commitment!!"
- Molly's Mom

More Happy, Healthy, Affordable years together...

Enjoy the best possible medical care experience in the greater Boston area at Willard Veterinary Clinic. Here, you can rest assured that your pet will receive the best treatments, medications and vaccinations available, all at VERY affordable prices, and you will **become a better advocate for your pet**, because we will educate you using interactive materials and videos that help explain complex terminology and procedures.

You will feel confident that proper testing allows our doctors to thoroughly and accurately diagnose and then create a care plan designed specifically for your pet. We have state-of-the-art equipment like a digital x-ray, ultrasound and a therapeutic laser, all on site.

Your convenience, and your pet's comfort, are greatly enhanced by our ability to treat in house...

Feel relaxed and welcomed in our new modern facility. Both you and your furry family member will stay stress free, because each detail was designed to deliver an experience without parallel, especially for the furry ones.

Discover more in our oversized exam rooms! Each is equipped with the best educational tools available, to help explain complicated medical conditions and terminology.

Small Animal Care

- Annual exams
- Protective vaccinations
- Heartworm prevention
- Internal parasite testing
- Identification implants using microchips

Our preventative care programs are essential to your pet's health as well as reducing the incidences of zoonosis (infectious diseases transmitted from animals to humans).

Pet Surgery

- Spay and neuter surgeries
- General soft tissue surgery
- Orthopedic procedures

Our surgical suites are well equipped and we have excellent surgical capabilities and experience. The doctor with whom both you and your pet have an established relationship will be the one treating your pet.
